

To whom it may concern .

Glyfada , September 13th 2019

Subject: **TECNOVA HT** . Manufacturer of ‘ S-Keeper 7’ continuous emission monitoring equipment. (CEMS),

Dear Sirs,

As part of our company`s continuous effort to introduce into the local marine and offshore market , state of the art and reliable solutions It is our pleasure, and honor, to inform you that **TECNOVA HT, designer and manufacturer of the Continuous Emission Monitoring System (CEMS) ‘S-Keeper 7’** from ITALY, has effective from September 16st 2019, appointed Alpha Marine Engineering SA as its exclusive Agent for Greece.

S-Keeper 7™ has been found to comply with the applicable requirements for SO2 and CO2 analyzer specified in Chapter 6 of Resolution MEPC.259(68) “2015 Guidelines for exhaust gas cleaning systems” therefore is “Scrubber-Ready”, now.

In compliance with:

- MARPOL ANNEX VI Regulation 13 & 14
- MEPC Cir 471, 177(58) and 259(68)
- IEC 60092-504
- EU Regulation 2015/ 757

“S-Keeper 7” :

- Approved by Class NK, DNV-GL. LRS , RINA
- Is fully tailored to meet owner/operator requirements
- was designed having on focus **Capex** and **Opex** .
- Can be Integrated with a modern Propulsion Efficiency Monitor (PEM)
- Has a modular design, withstanding toughest marine environment
- Maintenance onboard is easy

Several ‘S Keeper 7’ are already been installed on seagoing ships as part of the of the ordered and installed Scrubber Systems . (<https://cemsonboard.com/on-board-trial-experience/>)

We hope that the provided information will be of your interest and we remain at your service for any additional information, clarification and / or an offer, related to our Principals Messrs **TECNOVA HT** products and Services.

Your faithfully,
